REMEMBERING AND CELEBRATING THE IMPORTANCE OF PLANTING TREES ON PLANET EARTH

As way of raising awareness about how valuable trees are, Rainbow teamed up with Towanika Germany based organization our close partner to engage the school children in the importance of planting trees, both for human life now, and the future of a habitable planet. It was an opportunity where hundreds of children were engaged in the deeper understanding of the significance of

trees by providing shade, enhancing biodiversity and maintain the integrity of the land; that they reduce our air conditioning costs and noise pollution, not to mention helping to combat global warming. Yet we habitually abuse them, by improperly fertilizers and other inorganic products.

Although schools here provide theoretical knowledge to children about the importance of trees and their fruits, they do not engage them in practical learning and yet they possess the vast land which, if utilized could provide demonstration sites for practical learning.

With financial support from Towanika over 100 trees were planted by school children at Maya in land. The purpose of this exercise was to arouse interest tree planting among the school children.

STAFF MANAGEMENT CAPACITY BUILDING EXERCISE

With financial support from the Association, RHU had organizational development training facilitated by StartHub Africa Ltd German founded organization based in Uganda. The facilitators engaged the management in critical thinking of organization programs future progress with focus on the Rainbow Status quo, Future and Action plan. This exercises is ongoing with action time framework. The training has helped in answering the big question of what will happen in Maya and when are we moving to Maya? The on-going action time framework is a process that is leading the organization to shifting to the new land.

RAINBOW BRASSBAND RECIEVES NEW BRASSBAND UNIFORMS

We are happy to inform you that RHU brass band received new brass band uniforms from friends in Netherlands. The uniforms are of

high quality and will definitely add value on our marketing strategy. Getting a quality brass band uniforms has been one of our biggest challenge so this donation is a blessing to the brass band.
